PROFESSIONAL SUMMARY

Bachelor of Science in Information Technology graduate and Cum Laude with hands-on experience building responsive, full-stack web applications. Skilled in React, TypeScript, JavaScript, HTML, CSS, Node.js, Express.js, PostgreSQL, REST APIs, and UI/UX design. Experienced in integrating AI-powered features and deploying functional web applications. Adaptable and detail-oriented, with strong problem-solving skills and a passion for creating thoughtful digital experiences.

EDUCATION

University of Northern Philippines

Cum Laude | Graduated: May 2026

Bachelor of Science in Information Technology

EXPERIENCE

Web Development Intern

CSA Business Consultancy | January 2026 - April 2026

- Maintained and enhanced company web applications, including Tiendaan.com, SenyoritaDulce.com, and IlocosFoodProducts.com, by implementing design and feature updates, managing website content, and performing functional testing.

PROJECT EXPERIENCE

I-Nelory: Your Personal Memory Journal

React, TypeScript, Node.js, Express.js, REST API, Prisma, PostgreSQL, Cloudinary, Google Gemini API

- Developed a full-stack personal memory journal with REST APIs, secure authentication, PostgreSQL data management using Prisma ORM, and cloud-based photo and video storage through Cloudinary.
- Integrated AI-powered natural-language memory search using Google Gemini and designed a responsive experience featuring albums, timelines, favorites, archives, and customizable account preferences.

IntelliCLIQ: B-Hive Café Ordering Web Application

HTML, CSS, JavaScript, Node.js, Express.js, REST API, Firebase, Google Gemini API

- Developed and deployed a full-stack café ordering application featuring menu browsing, cart and checkout, real-time order tracking, account management, and administrative tools, using Firebase Authentication and Realtime Database for user and application data.
- Integrated an AI-powered Smart Search that recommends menu items based on customer preferences, supported by a REST API built with Node.js and Express.js to securely connect the frontend with Google Gemini.

Nelume: AI Career Assistant

React, TypeScript, Vite, Python, FastAPI, REST API, Google Gemini API, Upstash Redis

- Developed and deployed a full-stack career assistant that analyzes resumes, generates ATS-friendly cover letters, and provides personalized resume, interview, and career guidance through an AI chat powered by Google Gemini.
- Built resume analysis features including ATS scoring, skill matching, grammar and wording suggestions, alongside an interactive Resume Learning Hub and Resume Quiz for improving job-application readiness.

SKILLS

Languages: JavaScript, TypeScript, Python, SQL

Frontend: React, HTML, CSS, Vite, Responsive Web Design

Backend & APIs: Node.js, Express.js, FastAPI, REST APIs, Google Gemini API

Data & Cloud: PostgreSQL, Prisma ORM, Firebase, Upstash, Cloudinary

Tools & Design: Git, GitHub, Visual Studio Code, Figma, Canva, Vercel, Render

Soft Skills: Problem-Solving, Communication, Adaptability, Attention to Detail, Time Management, Team Collaboration
